Palamaner, Chittoor, Andhra Pradesh

Summary

Detail-oriented B.Tech Computer Science Engineering student with a strong foundation in programming, problem-solving, and core computer science concepts. Passionate about learning new technologies and seeking opportunities to apply technical skills in real-world projects and professional environments.

Skills

Programming Languages: Python, Java, Basic SQL

Web Technologies: HTML

Tools: Basic MS Office

Soft Skills: Communication, Team Collaboration, Quick Learning

Internships

Zscaler Zero Trust Cloud Security – Virtual Internship

Aug 2023 – Sep 2023

- Gained foundational knowledge of Zero Trust architecture and cloud security principles.
- Learned about secure access, network protection, and modern cybersecurity practices.

Google AI/ML – Virtual Internship

Oct 2024 – Nov 2024

- Acquired a basic understanding of Artificial Intelligence and Machine Learning concepts.
- Explored real-world applications of AI/ML through guided modules and hands-on labs.

AWS Cloud – Virtual Internship

Sep 2025 – Oct 2025

- Learned core AWS cloud services, deployment models, and cloud fundamentals.
- Understood basics of cloud infrastructure, security, and scalability.

Projects

Academic Mini Projects

Python, Java

- Developed basic programs focusing on logic building and problem-solving.
- Implemented simple applications to understand object-oriented concepts and control structures.

Education

Bachelor of Technology (B.Tech) – Computer Science Engineering

Graduation Year: 2027

Mother Theresa Institute of Engineering and Technology, Melumoi

CGPA: 8.4 / 10

Intermediate (12th)

2023

Mother Theresa Junior College

Percentage: 91%

SSC (10th)

2021

Ravindra Bharathi School

Percentage: 99%

Additional Information

- Hobbies: Reading
- Strengths: Dedicated, Quick Learner
